

QUALITY AND ENVIRONMENT POLICY

We, the Environmental Management Bureau Region 12, commit to render quality service that ensures customer satisfaction in pursuit of the protection, restoration and enhancement of environmental quality towards good public health, social justice, environmental integrity and economic viability through:

1. Strict implementation of environmental laws, policies, rules and regulations;
2. Adherence with other government laws, policies, rules and regulations;
3. Environmental education and information;
4. Sustainable partnership with stakeholders; and
5. Innovations and continual improvements.
